

RESIDENTIAL FIRE INSPECTION PROGRAM

Our lives today are busier than ever and it's easy to forget about the simple things which can easily have a lasting effect on our future.

The Cabarrus County Fire Marshal's Office has created a new educational fire safety program for our citizens of Cabarrus County. This new program (free of charge) allows you to request an in-home fire inspection to determine if your home is fire safe. We evaluate (30) of the most common items found to be critical fire safety concerns in the residential home and offer recommendations on how to properly address these to prevent a future fire from occurring.

This service is available to property owners residing in the unincorporated areas of Cabarrus County (including Locust, Midland and Mt. Pleasant). If you live in Concord, Harrisburg or Kannapolis please contact your local fire department for more information.

The Cabarrus County Fire Marshal's Office appreciates you taking the time to review this information and we hope that you will consider our services.

If you would like to schedule a residential fire inspection or speak with a representative, please contact our office Monday through Friday (8AM to 5PM) at (704) 920-2143.
