

SMOKE DETECTOR INSTALLATION PROGRAM

In the event of a fire, properly installed and maintained smoke alarms will provide an early warning for your household. This alarm could save your own life and those of your loved ones by providing the chance to escape.

The Cabarrus County Fire Marshal's Office has created a new Smoke Detector Installation Program for our citizens of Cabarrus County. This new program (free of charge) allows you to request installation of a smoke detector in your residence according to the manufacturer's instructions. Our staff will also provide you education regarding maintenance and care of the smoke detector.

This service is available to property owners residing in the unincorporated areas of Cabarrus County (including Locust, Midland and Mt. Pleasant). If you live in Concord, Harrisburg or Kannapolis please contact your local fire department for more information.

TEST YOUR SMOKE ALARMS

The Cabarrus County Fire Marshal's Office appreciates you taking the time to review this information and we hope that you will consider our services.

If you would like to schedule smoke detector installation or speak with a representative, please contact our office Monday through Friday (8AM to 5PM) at (704) 920-2143.
